

Mount Si Golf Course Ladies Invitational Rules Sheet

- The Tournament format is a two person best ball. ½ the combined team handicap will be deducted from the 18 hole gross score to determine the teams net score. There will be gross & net prizes in each division. Please record your gross best ball and take the handicap off at the end of play.
- You are also entered into Long Drive on #5 and Closest to the Pin on #4 & 11 with your entry into the tournament.
- Play will be from the yellow tee markers.
- Please exchange your scorecard with the other team in your group. Please clearly identify your scores with the other team after each hole before you hit your next tee shot.
- Please be sure to keep pace with the group ahead of you.
- We will be playing Winter Rules for this event:

Winter Rules

- A golf ball can be marked, cleaned and placed 36" no closer to hole through the green from the fairway and moved 6" in the rough. This would apply to any area on the golf course provided that it does not lie in a sand trap, water hazard or on the putting surface.
 - Leaf Rule in Effect: If your ball is lost in the leaves and you have a consensus from all members of the group a ball may be dropped without penalty and played from where the ball would most likely be.
 - The perimeter fence is defined as a lateral water hazard. If the fence interferes with your stance or swing you are entitled to a free drop.
 - Scores will be posted for you.
